DomusVi, the leading providers of accommodation and services to independent and dependent senior citizens in Spain, has reinforced its elderly care network in the Basque Country by acquiring the Sarrikue group. The group has three residences in the province of Biscay, with a total of 291 spaces and 150 employees. The Sarrikue Group has been operating for twelve years with the following residential centres: “Ribera” with 193 spaces and “Arbidea” with 50 spaces in Bilbao, and “Aperribai” in the neighbouring town of Galdácano, with 48 spaces.

DomusVi has a comprehensive, individual, interdisciplinary and innovative care model, focused on the individual needs of each person. The company upholds its commitment to offer a high-quality service to the people it cares for, to improve their own well-being as well as that of their families.

With this acquisition, DomusVi continues with its plan to expand in the Basque Country in Spain, following the recent purchases of the Usurbil Mental Health Centre in Guipuzcoa and the Domusvi Gazalbide elderly care residence in Vitoria. With these new residences joining the group, DomusVi now has ten centers in the Basque Country (eight residences for the elderly, a mental health clinic and a psychosocial rehabilitation day center), with over 1,100 spaces for health and social residential and day care
